New Process for Online Appointment Booking

1. Introduction

The process for booking PSK appointments through Passport Seva Online Portal has undergone a few changes. As per the new process, appointment date/time will be automatically allotted by the system as per the availability of appointment slots at the desired PSK.

Prior payment of passport service fee has been mandatory for booking appointments at PSKs. For this purpose, the Online Payment feature has been introduced through the Passport Seva Online Portal www.passportindia.gov.in. The Online Payment functionality has been deployed in phased manner starting with the Dehradun Passport Office.

An applicant will be able to cancel/reschedule the appointment only twice within one year of first appointment date. System will not allow booking of online appointments for that ARN once two reschedule options are exercised or first appointment was scheduled more than one year ago.

These changes have been effective from 01-Jun-2013.
